You will now witness a reenactment of the year through the flash of the camera. If you missed a dance, a game, or a meeting, you can still be a part of it. Here's your chance to view yourself and your friends through a sort of picture frame. 1984-85 is a year which has been very special and has been especially sentimental and meaningful for the seniors. This year with its ups and downs, its good times and bad, will long be remembered by all of us. Each of us has his or her own special memories. We each recall our own special events and favorable happenings throughout the year. Teepeeing your favorite football player's house, a basketball game, a school assembly, a slow dance with that special guy or girl, a short conversation with a friend, after-school practices, meeting someone at

STUDENTS CAPTURE SPIRIT

The "Unknown Senior" walks the halls, spreading the spirit fever of the class of '85.

Remember being a nerd with bell-bottom pants, taped eye-glasses, and bow ties? Suspenders, greasy hair, and a feeling to say "golly geezers" was in the air on Nerd Day. Mix-n-Match Day meant clashing those striped pants with that polka dot shirt and wanting to say "shucky darn." Various hats plus much Cub paraphernalia were displayed and "Go Cubs Go" was heard on Hat and Jersey Day. Bobby-soxers and punk rockers appeared on Rock Era Day. Like fer sure it was mega wild seeing these people from the 1950's-80's at W.H.S. Green and white was the scene on Friday. Beat the Senators was the word to be heard as students captured the true meaning of spirit week. The spirit stick was awarded to the seniors and the juniors won for the best float, "Senator Busters." Chosen as Homecoming Queen was Sherri Rokosz and Ed Hruskocy was selected as Mr. Football. "Almost Paradise" was the theme of the dance which was held on Saturday night.

D. Close "sparks" up the halls with senior homecoming decorations.

Who ya gonna call? Senator Busters, S. Hill and G. Danielides.

Another normal day for D. Kometz and G. Piper at W.H.S.

OF HOMECOMING '84

After four long years the seniors finally win the spirit stick.

Senior attendants are (l-r): B. Ciers and B. Filippek; Homecoming Queen, S. Rokosz and M. Mazur; Mr. Football,

E. Hruskocy; K. Linko and M. Ewing.

Mr. Football, Ed Hruskocy, Homecoming Queen, S. Rokosz, and last year's queen, M. Postell pose for a quick picture at the game.

The underclassmen attendants are (l-r): freshmen, A. Smith and R. Gillinger; sophomores, L. Linko and E.

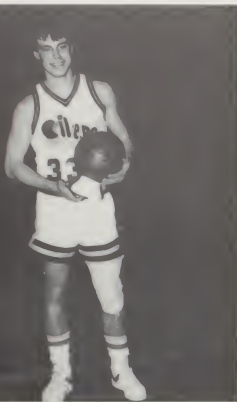

Perez; juniors, K. Williams and C. Burosh.

On the senior float, "Do It For The Skipper," are Mr. and Mrs. Howell.

PRENETA AND KOMPIER HIGHLIGHT EVENING

K.G. Kompier proudly accepts the award of Mr. Basketball.

These Freshmen girls are out to have a great time at the dance.

Attendants are (l-r): Junior, J. Cronin and T. Murzyn; Sophomore, M. Roman and G. Cabrera; Freshman, B. Polak and D. Wolfe.

At the announcement of the Sectional Sweetheart, M. Ewing congratulates J. Preneta.

The Senior Sectional Attendants are: D. Close escorted by J. Sandrick and M. Grenchik escorted by T. Castle.

January 25 was an important date this year for two reasons. As well as it being the night of a rival match between Clark and Whiting, it was also the night that both Sectional Sweetheart and Mr. Basketball would be announced. Receiving the honors this year were Julie Preneta and Karl (K.G.) Kompier. Although the night was not successful for the Oilers, it was all-in-all a memorable experience, (Remember "This One's for You")? The Sectional dance was sponsored by the Booster Club, and the motto was "Still Loving you." Couples enjoyed the music provided by L. and L. Sound and Light.

Could these junior girls be the next Dallas Cowboys' Cheerleaders?

Senior attendants are (l-r): D. Close; Sweetheart, J. Preneta; and M. Grenchik.

"YOU'RE THE INSPIRATION"

J Flores runs into a little trouble when trying to remove D. Miles's garter.

A devious D. Close quickly steals some balloons when no one's looking.

C. Rodriguez finds the best seat in the house, F. Roman's lap.

Hamming it up, as usual, B. Justak shows that all his practicing with Mr. Microphone worked.

L. Filipek, W. Fehrman, and their dates relax and enjoy the prom.

B. Ciers and J. Sandrick share a quiet moment on the dance floor.

D. Kometz and M. Ramirez feel that nothing can ever separate them.

This year's prom which was held at Broadmoor Country Club on May 17, 1985, was very extravagant. A pre-prom took place for the first time and began at 5:00 in the school cafeteria. There, pictures were taken by Mr. Lovasko, and hors d'oeuvres were served and catered by Condes. Later the announcement of couples was made on the nicely decorated stage of pink, purple, and grey; and there were several places to take pictures including the stage, a background screen, and a wooden setup of a prom couple to put your heads through.

When everyone reached Broadmoor they enjoyed their dinner of either Chicken Kiev or Prime Rib and an evening of dancing and entertainment by the band, "Sahara." Each couple received balloons with their names on them, and the centerpieces were given to one lucky person at each table. Another highlight during the evening was the singing debut of Peter Paul Oprisko II. He surprised everyone with his version of "I Did It My Way."

The theme, "You're The Inspiration," was an exact description of a night which will always be remembered.

STUDENTS' GAIN RECOGNITION FOR

Each year, several students are given awards for scholastic achievement. The recipients are rewarded for their outstanding effort and academic achievements. Teachers voted on students that they felt showed leadership qualities to represent Whiting at Boys'

and Girls' State. Other awards earned this year included the Daughters of the American Revolution Award, the Bausch and Lomb science award, and Scholarship "W"'s were also awarded to those students receiving an "A" or a "B" for all semester grades.

Sophomore Scholarship "W" winners (l-r): T. Fritz, B.

Jaroszewicz, C. Bonchik, D. Renda, and S. Kleinedler.

Bausch and Lomb Science Award winner is B. Stephens.

J. Livingston, G. Danielides, and T. O'Keefe are the M.V.P.'s for wrestling, basketball, and cross country respectively.

C. Klein was co-M.V.P. for football.

S. Rokosz and K. Linko are Co-M.V.P.'s for volleyball. The latter was also voted All-Conference.

TOP HONORS

J. Sandrick and B. Filipek won academic all-state for football and honorable mention academic all-state for

basketball respectively.

K. Linko was the recipient of this year's Walter Heyden Award.

D. Dollins was co-M.V.P. for football.

Striving for excellence is one thing that is always foremost in an athlete's mind. Through hard work, extra effort, and intense determination, several athletes here at Whiting have attained that goal. These have been recognized for their achievements by the Most Valuable Player Award, Academic All-State, and by receiving All-Conference honors. Although only these students have been officially recognized, any athlete who has ever gone out and given their all is a winner.

Stat people play an important part in keeping the sports program running smoothly. Stats consist of keeping a record of bumps, sets, spikes, rebounds, baskets, fouls, free-throws, assists, turnovers, runs, hits, yardage, interceptions, and of course errors. It takes a devoted individual to be a stat person, they are as essential to a team as a player of the coach.

The concession workers give up their time to supply us with these necessities.

Thanks to J. Livingston, K. Kompier will not die of thirst.

OUR TIME HAS FINALLY COME

The graduating class of 1985.

Gladly switching their tassels from the right side to the left, the seniors are now officially graduated.

The day the seniors had all been waiting for had finally arrived—June 6, 1985. It was a packed house at graduation this year which was held at St. John auditorium due to the renovation of the school gymnasium. As commencement began at approximately 8:00 p.m., both the seniors and parents reflected on four special years of their lives. Each one of these 72 seniors will now meet new challenges and have many aspirations of what the future holds for them. Hopefully it will bring success and happiness for all.

B. Stephens proudly receives her Presidential Academic Fitness Award from Mr. Kountoures.

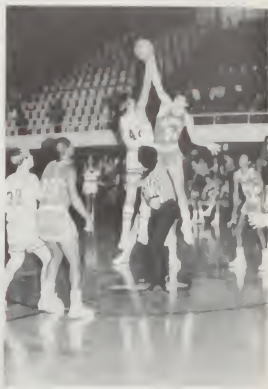

A NEW BEGINNING

As we all know, the school this year is undergoing major reconstruction. This reconstruction, costing several million dollars, has been quite an inconvenience to both students and faculty. The students have had to attend classes in the primary building. Also, there is only one lab which all the science classes must share. Both buildings will eventually be renovated and both the boys' and girls' gym are being worked on. This has made it very difficult to hold gym classes, sports events, and dances. Also, the swimming pool has been removed, and the auditorium is being rebuilt. All the inconvenience though, will benefit students in the future. The new school and facilities will provide a new environment for students to work both academically and athletically.

Boys' team includes (kneeling l-r) J. Livingston, R. Oliver, P. Oprisko (standing) B. Niklasson, T. O'Keefe, R.

Kuss, and Coach Daniels.

This was the first year that Whiting High School fielded a girls' cross country team, and the future looks very promising. Both teams were not where they would like to have been at the end of the season, but their spirits

were never dampened. As in the past few years, Whiting had strong runners in the top positions, but lacked the depth necessary to win close meets.

A BETTER RECORD

Oilers B. Niklasson and P. Oprisko vie for a good position in the race.

Hoping to take over the lead, P. Oprisko picks up speed near the finish line.

D. Kometz takes a break from running and talks over the race with her opponents.

B. Taylor is always ready to return anything that comes his way.

Positioning himself at the net is J. Haney.

This year's tennis team, led by new coach, Sharon Sheline, ended the season with a 1-6 record. Whiting's tennis teams have lagged the last few years mainly, because there is no feeder system. The few players that do come out lack basic skills making it hard to build a program. The team will be hurt greatly by graduation, losing five seniors. Overall, everyone had a lot of fun this year, and the returning racketeers hope to improve their record and have even more fun next year.

The 1984 Freshman-sophomore football team finished their short season with a record of 3-1-1.

Their record was a definite improvement over the past few years. This is due mainly to the 7th & 8th grade feeder program developed by varsity coach, Al Holak.

Experienced sophomores plus talented freshmen led by new coach Tim Crnkovich made up a squad that opponents would not soon forget.

Avoiding the rush, C. Klein drops back looking for an open receiver.

After all the practice and learning of plays had come to an end each week, the Whiting football team went to work to try to bring a victory to the school. Despite this year's 4-5 record the Oilers went out and played hard every game. The team is starting to reap the benefits of a weight program installed by second-year coach Al Holok. Also, the Oilers will lose lettermen from this year's squad, but there is a tough crew of experienced underclassmen to replace them. Finally, the coaches and players are looking forward to the advent of a state tournament.

The volleyball team had high hopes going into the season of 1984. But the season brought about many setbacks for the Lady Oilers, and their hopes were shattered time and time again. They suffered a big loss to rival, Clark, in the opening game, but battled it out against Wheeler and Griffith and won both of them in three very close games later in the season. The Oilers defeated E.C. Roosevelt in the opening game of the Sectionals, but were then defeated by Bishop Noll the final night. This was the first time a freshman, Barbie Polak, ever played a season on the varsity team and earned a starting position. With a record of 10-15 the talent-laden Lady Oilers finished the season still searching for the winning formula.

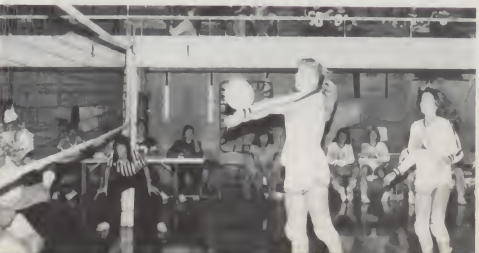

Teammates await the outcome of W. Fehrman's bump.

... And so ends another junior varsity volleyball season. This year the Oilers pulled out a winning season despite an inexperienced team. After a somewhat shaky start the team, consisting mostly of freshmen, gained momentum and matured into a determined and talented group. After learning to work together under the guidance of Coach Laub, the team was successful with a 15-9 record. Although they defeated teams like Andrean and Morton they suffered a heartbreaking defeat in the J.V. Tournament, losing to Hammond High in the first match.

D. Stewart shows determination as she bumps the ball to the setter.

WRESTLERS EXPERIENCE

Sprawling after a takedown, M. Franco tries to gain the edge.

The 1984-85 varsity wrestling team had a somewhat disappointing season this year. The team only won three meets, although several were lost by slim margins. Highlighting the season was the fulfillment of the team's vision quest, a victory over Bishop Noll. Post-season honors were given to Vince Villalon, who won sectionals and placed in the regionals. Overall, the team had fun and will miss the six seniors that they will be losing.

A TASTE OF "HOOSIER HYSTERIA" WITH

The green and white uniforms that easily identified the powerful Oilers to fans were not the only new things about the Whiting High School varsity basketball team. Their determination, ability, and ambition, although not new, was definitely noticeable. Also, the addition of the two Swedish transfer students, B. Niklasson and T. Kasselrud, brightened the season.

In spite of their win-loss record, Oiler enthusiasts cared enough to watch WHS play. New strategy and new faces on the starting line-up combined to make the season a successful one.

The Junior-Varsity team was evenly comprised of sophomores and juniors with a little help from a few talented freshmen. Although their overall record was only 6-12, this competitive team always displayed teamwork and pride.

Under new coach Don Justak, the Oilers played equally well at home and away with records of 3-6. The highlight of the season was a victory over Clark. The sophomores and juniors on B-squad this year will battle next year for positions on varsity.

The 1984 Freshmen basketball team ended their tough season with a record of 5-11. Under new coaching by Mike Beno, who has had many of the players all through grade school, the team displayed hustle and teamwork in all of their games. Outlooks for next year are very impressive for the Jr. Varsity team with most of the players returning.

The Lady Oilers experienced problems early in the season since Sheri Ulm was the lone starter from last year's team. They began the season on a sour note by losing to state-ranked Lew Wallace and then proceeded to lose four of their next five with an emotional victory over Clark being the one bright spot.

The Oilers gained some needed game experience and began causing problems for Lake Shore Conference foes—only to lose a conference title to arch-rival, Clark. This marked the third time in the last four years that the Oilers have lost the title by one game.

Post season honors went to Sheri Ulm who was placed on the Lake Shore Conference All-Star team.

Chalk up an assist for T. Kender.

The junior varsity started out slowly, but quickly gained momentum to finish with a respectable 10-8 record.

With the guidance of a new coach, Bruce Stewart, the team readily adapted and the change seemed to be profitable.

The team was close to winning the conference title, but a loss to Clark at the end of the season dampened their hopes. Fortunately underclassmen saw much playing time, which should prove beneficial for next year's team.

This year's baseball team ran into a few problems this season. Plagued by injuries, the diamondmen lost key members. Six starters lost playing time at one time or another. They were also faced with the lack of a pitching staff. Competing with their patched up squad, the Oilers compiled a 3-11 record in conference with a 5-17 record overall. In post-season play, the team was defeated by tourney host Munster, 7-2. Highlighting the season was the selection of seniors Dan Bobos and K.G. Kompier All-Conference second baseman and catcher respectively, while freshman Rob Stapleton received an honorable mention.

In only its third year in existence, the Whiting Soccer team has made it to the top. With an overall record of 9-1-2 they attained the title of conference co-champs.

It took a tough first two seasons, with records of 0-9 and 2-7, to develop the basic skills and soccer sense that it takes to get the job done. A tremendous asset was the addition of the "Swedes". Their abundant soccer experience combined with improved passing by the whole team provided the scoring power that the Oilers needed.

Highlights of the season were victories over Noll, 12-1, and Clark. The most memorable game was against Washington, who had beaten them a total of 45-1 in four previous contests, tying them with 4 seconds to go in the game for the conference title.

The softball season was one of great highs and lows. After going 10-0, the tide changed with six devastating losses in a row, aided by injuries and errors.

Pulling themselves from their slump, the Oilers came away with a key victory over Clark in the sectionals but lost to Bishop Noll in the final game for the sectional championship.

A bright spot for the season was the addition of Mr. Kantowski to the coaching staff. Over all this season should prove to be a learning experience for everyone. Individual honors went to Barbie Polak, Diana Miles, and Sheri Ulm for being chosen to the all-conference team. Sheri Ulm was conference MVP for the third straight year.

LEADERS OF THE PACK

They should be called "The 8th Wonder of the World". They make this school run every day without a mistake. Who are these "wonder" people? They are none other than the Whiting administration. Yes, behind those smiling faces are people who spend many hours making this school the best it can possibly be.

Mr. Novak, the Superintendent, has taken on added responsibility due to the construction. He must supervise, making sure everything goes as planned and to see to it that all deadlines are met.

Have a question? Need some help? Mr. Kountoures always has time to lend a hand.

Keeping the attendance records in top shape is Mr. Holok. He has only been here a year, but he has proven himself invaluable. But even with these people the school wouldn't be the same without the help of the secretaries. They are always busy filing, typing, and keeping the offices organized.

This is Mr. Novak's fifth year as Superintendent.

The administrative secretaries are Mrs. Marie Dado, Mrs. Dorothy Shaner, and Mrs. Pat Kantowski.

Board of Education (l-r) Jack Jaros (member), Mildred Kubon (secretary), Michael T. Jurbala (member), Charles

A. Kosalko Jr. (Vice-president), Jerome F. Vrabel (President).

Mrs. Eleanor Mustafa and Mrs. Darla Carroll are the General Office Secretaries.

Mr. Holok keeps the attendance records up-to-date.

Mr. Kountoures is the Jr.-Sr. high principal.

Another addition to the faculty is Paulette Knazur who has been working in the study hall and has also been appointed as an attendance aid to Mr. Holok. One other addition is Miss Cole who has taken over some of the history classes. This year Mr. John Sorota, who currently teaches physics and computer classes is the recipient of the Teacher of the Year award. Mr. Oliver, who had been teaching at

Whiting for 25 years, retired at the end of the first semester. In the past he has taught health, been the attendance officer, sponsored the National Honor Society, and coached several sports. One of our very fine teachers, Mrs. Gergel, is also retiring this year after being at W.H.S. for 21 years. STUDENTS COUNT ON A VARIETY OF COURSES

Some students find Math easy, others find it difficult, but easy or difficult they must take at least five semesters to graduate. Students going to college take classes such as: geometry, advanced algebra, and senior math. Students planning on working, take business classes. Whatever your choice, you can't say Whiting didn't give you the opportunity.

M. Rowden's desk comes in handy for using the logarithm table.

Looking intense while doing his computer work, T. Stefanich is really playing video games.

Solving equations and finding intercepts are just some of the many things J. Wittman enjoys doing in advanced algebra class.

TO HELP IN LATER LIFE

K. Owens and T. Tinsley work on the quadratic formula at the board.

G. Harding uses his knowledge of fractions in general math class.

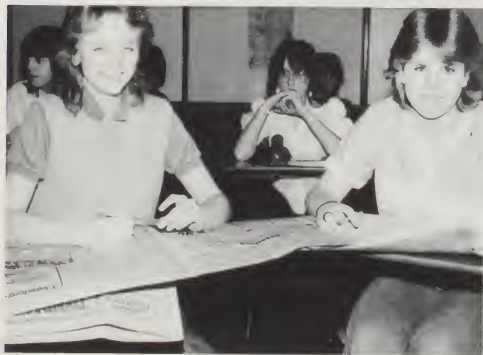

D. Miles learns how to use the compass in geometry class.

E. Fritz plots a point on the coordinate system.

Expressing surprise, J. Haney has just learned the location of Whiting from "Coach Nick."

H.T. Pham makes use of the card catalog for his sociology report.

Scanning the papers, S. Babair and K. Kender search for the perfect job.

K. Hansen gets a little help from Mr. Vrabel with her U.S. History assignment.

RELATING TO OUR WORLD

Expert economists J. Haney and B. Stephens review the steps for filling out a tax form.

This adopted egg has a new mommy, M. Parker.

Always up on current events, B. Justak and V. Montero discuss today's world problems.

Social Studies gets students involved in the events of both our historical past and our unknown future. These classes help students to relive the past by reviewing great events in history, discussing economic problems, memorizing people and places, and relating our society today with the world. Students in quest learn what it's like to be a parent by taking care of an egg just as if it were a child. Most of the eggs are well taken care of, whereas others don't quite make it. Writing reports, reading, talking with guest speakers, doing projects, taking notes, and discussing both yesterday's and today's events are all part of Social Studies.

EINSTEINS OF THE FUTURE

As usual, G. Danielides is clowning around in chemistry.

D. Evanich has a "HEART."

In biology, P. Maltby and C. Benjamin familiarize themselves with the microscope.

K. Linko and A. Postell are trying to find their unknowns.

J. Toth and M. Ewing work on an experiment in the physics lab.

The science program has been hit hard this year with the schools reconstruction. Now located in the primary building, teachers have to share one lab, which can become quite hectic for everyone.

There are several science classes one might choose from: life science, biology, chemistry, adv. chemistry, or physics. These courses are intended to prepare students for college or everyday life.

J. Niemiec demonstrates the use of a pipette.

Working on the titration of acid is M. Evanich and G. Piper.

Mad scientists, D. Raycroft and F. Roman search for the secret formula of Dr. Jekyll and Mr. Hyde.

These sophomores demonstrate their pantomime to the class.

C. Borchik, M. Roman, and M. Blastick go back in time to the era of the 50's and 60's.

N. Young is impressed with the replica of the Globe Theatre.

Freshmen S. Kleindler and D. Greer go to the dictionaries to look up an unfamiliar word in Mrs. Hanis's class.

Knowledge of the English language is essential in the business world as well as in everyday life. Freshman through senior year, students are required to take an English class here at Whiting. They learn the basic fundamentals as freshmen, and build on this in following years. Finally, as seniors, college-bound students are prepared for what they will encounter in their respective fields of study.

AN ESSENTIAL LANGUAGE

R. Livingston points out to C. Blake the various tenses of the verbs

B. Taylor is not quite sure of the exact location of Whiting, Indiana

J. Peterson displays interest while doing her "Read" magazine assignment.

J. Ortiz shows the class the correct way of diagramming a sentence.

R. Buckmaster, S. Wright, J. Buckmaster and G. Cabrera look at a part of German culture.

Studying foreign languages is exciting and interesting. Not only do you learn to read and write, but you also learn to speak and understand the language to a degree. You also learn how people of that country live their daily lives; how they think, work, study and play. Besides all the knowledge you gain, it can also be fun.

The secret Spaniard D. Bogs displays the Spanish attire of a sarape and sombrero.

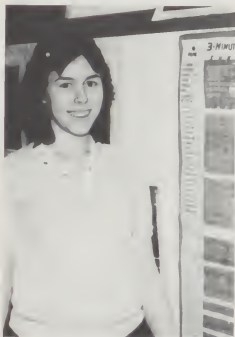

S. Hill, L. Bucko find a new German friend.

BUSINESS DEPARTMENT GUIDES

These future business-women are now ready to enter their information into the computer.

D. Kometz hopes to turn her learning into earning just as the poster says.

C. Tittle checks the graph in hopes of a high typing speed.

Using the typewriting guide, J. Livingston gives B. Sturcic a helping hand.

STUDENTS TO SUCCESS

Comparing accounting answers are C. Klein and D. Bobos.

Business classes are a must for those going into the business field right after high school. They are also a great help in taking notes and writing term papers for those going on to college.

Replacing Mr. Faulkner this year is Mrs. Gail Lemon. She teaches several business courses, including the newly added accounting class. The school also plans to add a course in business law and management to its curriculum for the 85-86 school year.

With the machinery available, students will be able to achieve success in the business field.

Working on their financial budget for accounting class are A. Santay and J. Wilkening.

Taking the daily dictation, shorthand students N. Mazur and S. Rokosz hope to build up their speed.

STUDENTS LEARN TO

Putting the final touches on her clown, M. Murzyn decides it was worth the effort.

Mrs. Pierce explains music notes to M. Keeler.

A. Knight carefully adds another piece to her mosaic.

R. Stapleton finally decides which record he wants to hear.

EXPRESS THEMSELVES

Satisfied with his art project, C. Pope prepares to put it into the kiln.

The choir gets together for a song.

W. Fehrman adds another stitch of yarn to her forest.

Students who are interested about composers and how to read music should enroll in the music class. The students study jazz, classical, and contemporary music. They also learn the different techniques used in writing music.

In chorus class the students learn how to control their voices to sing high and low notes. In addition to holding Christmas and Spring concerts, they also compete with other schools.

In the art classes the students learn the basic fundamentals of art. If they are interested in learning more about the subject, they can enroll in the Art II or ceramic classes. With the knowledge the students gain, they decorate the halls each year for Christmas.

HEALTH BEAT: This year's health classes have seen many different teachers. This is due to the retirement of Mr. Vincent Oliver, who had 22 yrs. service at Whiting. Although there were several different teachers the students didn't suffer in their education. Along with learning the different muscles, bones, circulatory system and other things that are associated with the body, the health classes had a 2 week course in CPR and spent nearly a month on drug and alcohol abuse.

The team waits anxiously to bat as M. Villalon tries to make contact.

B. Jennings dislodges a foreign object from J. Sandrick's throat.

D. Evanich and K. Kender display the Blood circulation poster.

PHYSICAL FITNESS LEADS TO GOOD HEALTH

Blocking a shot on goal is M. Rodriguez.

Showing his foot skills to B. Raycroft is E. Perez.

S. Rokosz shows her skills in the CPR course.

THE GYM SCENE: This year's gym classes had to be altered due to the renovation of the school. Although there is no gym floor at this time, the classes are still getting their physical fitness; they have moved into the weight room. Also during the year a physical fitness test was scheduled with a recruiter from the marines. Students' overall fitness and conditioning were tested through a variety of exercises.

LIVING IN A MATERIAL WORLD

Metals is a "dazzling" class for M. Rowden.

Showing intense concentration, T. Summey cuts a piece of wood.

Home economics and industrial arts classes are the most practical for students because they learn to use their hands to make things with various materials.

In cooking, students learn to make various delectable (and, unfortunately, not so delectable) meals. In sewing students use patterns to make articles of clothing and stuffed animals.

In drafting, students learn to make blueprints which they might use later in woodshop and metals to make jewelry boxes, clocks, plaques, tools, machine parts, and so on. In print shop, students become familiar with various machines which can be used to print magazines and newspapers.

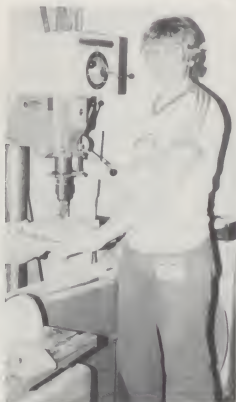

While keeping an eye on the printer, M. Gajewski pauses for a smile.

T. Castle and J. Ramirez display shaky grips, do you think they learned how to use this machine?

B. Cincotto uses the drafting machine to sketch a blue print.

Using a drill press, J. Augustyn drills a hole for the hands of his clock.

M. Headley removes the pins before sewing her pattern.

Initiates eagerly await acceptance into the N.H.S. during the formal ceremony.

"FOR ALL YOU DO, THIS

C. Buranosky and B. Filipek search through piles of yearbooks for ideas.

Did you ever sit down and think about who puts the Whiting REFLECTOR together? The odds are you probably haven't.

The REFLECTOR Staff is a number of dedicated students who put forth their writing skills and abilities to come up with the best layouts they possibly can.

The main concern of the yearbook is to focus in on you. The reason being is that you put as much as you can into the school system, and we think you should be rewarded and have something to reflect upon. That is why you have the honor of purchasing a book. In it you will find pictures of past school year functions and also pictures of you, your friends, and your teachers (many whom you will probably never forget anyway).

REFLECTOR editor S. Rokosz, helps J. Preneta with her layout.

Although it looks like they are making prank phone calls, D. Close and L. Filipek are phoning for patrons.

YEARBOOK'S FOR YOU."

REFLECTOR includes: (bottom l-r) T. Fritz, D. Close, S. Rokosz, and L. Filipek. (middle) V. Kleinedler, J. Pren-

eta, A. Jansky, and C. Buranosky, (top) B. Filipek, B. Justak, J. Sandrick, and M. Mazur.

Sorting through pictures for their layout are A. Jansky and B. Justak.

Typist V. Kleinedler has time for only a quick glance at the camera.

Staff photographer M. Mazur checks out the REFLECTOR's best equipment.

M. Copeland instructs D. Dollins on the use of the headliner.

J. Toth prepares a story to be laid out.

K. Linko rushes to beat the deadlines.

The TATTLER staff includes: (first row l-r) L. Jones, B. Ciers, T. Boswell, (2nd row) D. Bobos, M. Ewing, D. Dollins, J. Toth, A. Hanis, M. Grenchik. (3rd row) B.

Jennings, M. Mazur, E. Hruskocy, K. Linko, M. Copeland.

What's going on at Whiting? To find out, just pick up an issue of the TATTLER, which is published periodically in the school's print shop. The staff of dedicated writers bring you up-to-date school news as well as interesting feature articles. The TATTLER also focuses in on people by giving an indepth look at them through its "Personality Profile" feature. Students may also express their opinions in "Speaking Out". Watch out CALUMET DAY!

WE'VE GOT THAT OILER RHYTHM

Rousing the spirits of the fans before a basketball game, the band members play the school song.

The band has acquired a new director this year, Mrs. Russell. She is replacing Mr. Boyd who returned to school for his Masters Degree in music. The band is divided into four groups: marching, concert, jazz, and pep band. The marching band performs in the Fourth of July parade and the homecoming parade. Whereas, both the pep and jazz bands play at all football and basketball games and the concert band competes in state contests and concerts.

The W.H.S. band is up and practicing every morning at 7:00 a.m. which proves why they are so successful and entertaining for the fans. This year the band had several fund raisers. They held a tag day in November, breakfast with Santa, and sold cheese and sausage to raise money for new uniforms and instruments.

B. Taylor practices for his future cable debut on MTV.

Drum major, Wayne Simmons leads the band at a home football game.

Jazz Band members pose for a quick picture.

W.H.S. cheerleaders ride through the 4th of July parade on their award-winning float.

Varsity Cheerleaders are: M. Beno, M. Ranck, L. Lanko, and S. Rokosz.

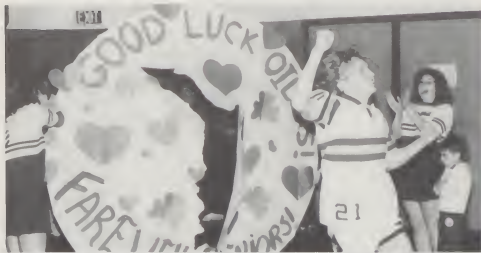

Freshman Cheerleaders are: (top to bottom) H. Huntley, S. Babair, S. Kleindler, and J. Peterson.

The cheerleaders were quite active this year. They held several bake sales in the fall and sold Christmas tree ornaments to raise money to buy new B-squad uniforms. They worked hard in the summer on the float for

the Fourth of July parade. This work on the float paid off, for they took third place in the float category. Their spirit and morale helped to boost both the football and basketball teams throughout the year.

THE SPIRIT BEHIND THE OILERS

Breaking through the hoop, B. Niklasson proves that the seniors are going out in style.

L. Linko fires up the team for homecoming at the pep assembly.

Making some extra bucks during lunch time, the cheerleaders sell goodies at the bake sale.

Happy with another Oiler victory, cheerleaders show they're number one.

J.V. Cheerleaders are: (l-r) S. Kleinedler, A. Hanis, K. Hansen, and S. Cribari.

WHITING HIGH CLUBS

These F.E.A. members prepare themselves as guides for open house.

The office education association (OEA) is a club which was organized this year by Mrs. Lemon. This club enables the student to get more involved in the business areas. The highlight of the year for the club was to attend a state competition where they competed against other schools in such areas as shorthand, typing, proofreading, etc; they also had many community projects such as donating books & toys to children at St. Margaret Hospital and a fund raiser to help save the Statue of Liberty.

Traditionally the FEA serve as guides for parents at the open house; they also donate money to needy families in the community.

F.E.A. members include: (1-r, bottom) S. Hill, B. Stincic, I. Montero, (2nd row) G. Jambik, A. Hanis, K. Rickard,

HAMPERED BY CONSTRUCTION

Proud German Club members present their float, "Top off the Senators".

Each year the Spanish Club plans several activities for the enjoyment of its members. Unfortunately, due to the construction, this year the club failed to meet their goals.

Some of the activities they plan are the annual Christmas party, sponsoring dances, and entering a float in the Homecoming Parade.

Each year the German Club sells many types of items in order to make money for their organizations, once again the club sold advent calenders and Gummi Bears.

The club also entered a float, "Top off the Senators" in the Homecoming Parade.

German Club officers (l to r) L. Bucko (pres.), W. Simmons (vice-pres.), D. Raycroft (sec.), Mr. Ulrich (sponsor), W. Fehrman (treas.).

Traditionally, the Physics Club has always been one of the smallest clubs at W.H.S. This is due mainly to the fact that it is open only to those students who take the physics class. In

class, students study the basic laws and steps in figuring Newton's Laws of Physics. The Physics Club is sponsored by Mr. Sorota.

ART CLUB REMAINS STRONG

Art Club Members.

THANKS FOR THE MEMORIES

Senior, B. Cinotto receives his drama award for participating in past plays.

Luckily M. Beno and B. Ravcroft don't have to pay for all the pizza they ate.

Miss Wozniak gratefully accepts a plaque from the casts of all her past plays.

K. Saksa, A. Hann, M. Tobias, and G. Jambik are enjoying the luscious desserts at Pipes and Pizza.

Mr. Piper finds out that all his "blowing" around finally caught up with him.

This year, because of the renovation of the auditorium, no play productions were possible. The new auditorium which will be finished for the 1985-86 school year will have additional rooms for make-up, dressing rooms, the stage will be extended, and there will be a place for the band. This year, however, Miss Wozniak organized a dinner at Pipes and Pizza for the students who have participated in past plays directed by her. That night, awards were given out to seniors, a plaque and flowers were given to Miss Wozniak in appreciation, and a lot of pizza got eaten. Unfortunately, there will not be any more plays under the direction of Miss Wozniak, for she will be leaving at the end of this year. But she expressed her enjoyment in working with the Whiting students and encouraged them to keep participating and supporting the Performing Arts. We all wish her much happiness and good luck in her future.

"Little tykes," D. Tinsley and M. Barnes try out some of the kiddie rides.

The sing-a-long gang, J. Preneta, B. Ciers, and V. Montero chime in with the organ music.

CLUB INSTILLS SPIRIT

The Booster Club represents enthusiasm and spirit at W.H.S. Some of the activities the club sponsor are the homecoming parade and the sectional sweetheart dance. The club along with their club sponsor, Miss Kowal, also decorate the queen's float.

Booster Club members include: (1st row, l-r): K. Saksa, L. Jones, S. Rokosz, D. Stewart (2nd row): D. Miles, B. Stincic, K. Williams, A. Jansky, M. Beno, B. Polak, B. Benchik, (3rd row) J. The "W" club members

The letter "W" is awarded to active athletes who participate in their respective varsity sports. A "W" is the goal of every athlete, and earning one shows that you've got what it takes to be the best. The "W" club was formed to honor these athletes and maintain interest in Whiting High School athletics, emphasizing school pride and spirit. The club sponsor is Mr. Rebey.

"W" club sponsor, Mr. Rebey; B. Filipek, pres.; J. Sandrick, vice. pres.; J. Preneta, Sec. Treas.

Hopefully you have had a chance to take a good look at a year in sports, clubs, faces, classes, and life. These activities have been brought together and presented to you like a flash back of the past. Various photographs can bring together a full year of fun. It is our hope that this fun has been captured and will sustain a lifetime of memories. High school

THE FOCUS

IS COMPLETE

years are just one small part of our lives, one piece of the puzzle; and this piece, for the seniors, is now complete. We will each go on to bigger and better things. So as a remembrance, we have taken this one time in your life and expanded on it. It has been our privilege to FOCUS IN ON YOU.

ACKNOWLEDGEMENTS

As usual, stealing ideas from past yearbooks are B. Filippek and M. Mazur.

Our editor Sherri, along with her proud parents

I would like to express my sincerest thanks to the REFLECTOR staff of 1985. We have made it through a lot of deadlines, picture taking, final layouts, and what it seemed like unsolvable problems. They have been a big help in completing this yearbook.

I want to also thank Mr. Kingsley for his guidance and constant advice during some tough times. Also, Mr. Lovasko our professional photographer, who rushed to take pictures and get them back to us and enabling us to make our deadlines.

Finally, I wish to especially thank Mr. Laub, our advisor. He has made REFLECTOR an enjoyable and exciting class. His advice—though most of the time we didn't listen to it—was a great help to the entire staff.

Sometimes things were tense, and the deadlines seemed to roll around so quickly. But the extra time rushing around and after school work proved to be well worth it. Thank you all for a job well done.
